Project Timeline

Introduction

ZecHub continues it's Mission:
Zcash Education and
Opportunities for Contribution
available to a Global Audience.

ZecHub DAO drives project direction. Governance is carried out by Privacy advocates and community members representing regions around the world. DAO Proposals can be made by anyone.

Goals

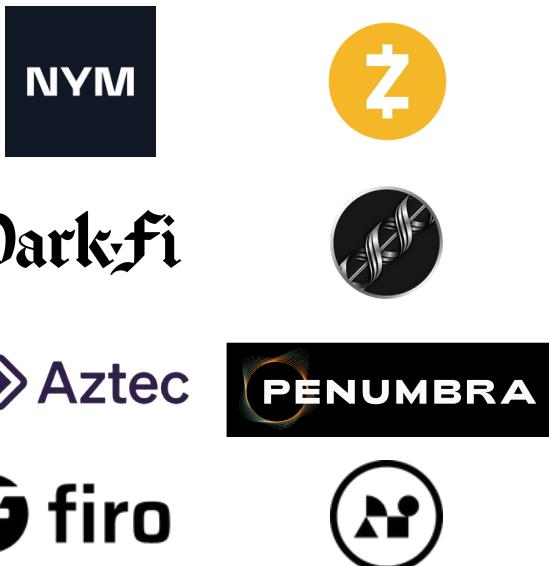

ZecHub as a Shielded Ecosystem Education & Contributor Platform

Improve Pathways for Contributors

The screenshot shows the ZecHub DAO interface with the 'Leaderboards' section selected. It displays a table of top contributors over a 30-day period. The columns include Rank, Username, Tasks Done, and Task Points. The top 10 contributors are listed:

Rank	Username	Tasks Done	Task Points
1	austinchris	5	260
2	srdev	4	240
3	SpeedFox	3	140
4	Monsignore	3	110
5	KENZO	2	80
6	gorga103	2	80
7	onikhe_biss	2	120
8	gracedsly	1	30
9	Omega Wolf	1	70
10	tecnopapapi	1	40

Support Privacy Ecosystem

Quality Zcash Content

Deliverables

Specific and tangible outputs that we aim to produce. They represent the measurable and completed results for our project.

- Onboard New Active Contributors
- Shielded Newsletter App v2
- Long Form Video Content
- ZecHub Research Platform
- Podcast, Video Tutorials & Explainers
- Privacy Ecosystem Series of Articles
- Host Global Ambassador Program
- Comprehensive Network Metrics Dashboard
- Community Events!

Milestones

Each milestone contributes to the end goal of a project.

Project Highlight Series – February
