ZecHub Treasury Report

Q1 2026

ZecHub is a 501(c)(3) public charity that creates educational material for the public good.

The purpose of this presentation is to transparently provide insight into ZecHub Treasury expenditure.

This information is also intended for DAO members on areas for decision making.

April 21st 2026

Project Summary

Publications

Video Content Several Zcash Educational Tutorials and Clips from Community Calls and Interviews have been shared via our Youtube, X, Bluesky and Mastodon.
Written Content Several new pieces of Zcash Documentation has been added/updated on our open source repository. These include Guides, Exchange and Block Explorer listings, Developer Resources, Various Wallets and more.

Development

ZecHub Wiki Has had several new features added such as an interactive visualizer & tools such as payment request builder and unified address parser.
ZECBounties Our new Bounty Platform with native Shielded Zcash payments has been developed and is currently in Beta public testing phase. Support for Teams from across the ecosystem to use the platform is being added

Events

ZecHub Hackathons The 3rd and 4th ZecHub Hackathons will happen this year. Starting in Late May into June with another planned for November-December.
Community Live calls have been held with aligned privacy projects as well as Zcash Supporting Organisations. Our First Games Night of the year will be happening in early May,

Governance

Community DAO Poll Hosted for Zcash Network Upgrade 7 had participation from 21 DAO members.
Since the start of 2026 one new member has joined the DAO.

Bounty Program

- In 2026 157 payments have been made so far
- On average we have 20 contributors every month
- Areas of Contribution include Documentation, Wed Development, Poster Graphics, Social Posts for IG/TikTok, Newsletter curation and Animated Videos
